

After School Programs

ACE students will experience a relaxed classroom setting while participating in a variety of enrichment activities such as photography, calligraphy, boxing, cooking, robotics, golf, readers theater and art classes; just to name a few. ACE employs certified teachers as well as support staff to ensure student success. Parents will enjoy the convenience of extended hours in our school environment where their students feel comfortable and secure. All of these opportunities are offered at no cost to provide added support for families in our district.
